Rifki Berke Yildirim   **No**: 2972018

1. Creating and successfully storing the car into the database.

Vehicle indetification number is 1231
Registered year is1987
Size is2
Transmission Type is 2000
No of seats are 4
NO of Door are3
Fuel type DIZEL
Registration number1231
New Car Added SuccessfullyCar added successfully.

2. Here is the proof of creating car in database

```
mysql> SELECT * FROM carList;
+------+------+------+------+------+------+-------+-------+
| vin  | year | size | ty   | seat | door | fuel  | rnmbr |
+------+------+------+------+------+------+-------+-------+
| 1231 | 1987 |    2 | 2000 |    4 |    3 | DIZEL |  1231 |
+------+------+------+------+------+------+-------+-------+
1 row in set (0.00 sec)
```

3. Searching car by Registration Number

The car's Registration Number: 12
This car has not been found

4. Searching car by Registration Number successfully

The car's Registration Number: 1231

Vin: 123
Year: 23
Size: 2
Transmission Year: 1
Seat: 2
Door: 3
Fuel: 4
Registration Number: 1231

5. Deleting car by showing the car's information

Vin: 123
Year: 2000
Size: 1
Transmission Year: 1999
Seat: 4
Door: 2
Fuel: gasoline
Registration Number: 1
Success in deleting 1

6. Here is the proof of deleting the car

```
mysql> select * from carList;
+-----+------+------+------+------+------+----------+-------+
| vin | year | size | ty   | seat | door | fuel     | rnmbr |
+-----+------+------+------+------+------+----------+-------+
| 123 | 2000 |    1 | 1999 |    4 |    2 | gasoline |     1 |
+-----+------+------+------+------+------+----------+-------+
1 row in set (0.00 sec)

mysql> select * from carList;
Empty set (0.00 sec)
```
